

2021 - Health, Caring and Renewal

The year 2020 is ending with the shared hope that the New Year will bring a better world situation.

When you think about it, 2020 has also been a year of many achievements and everyone deserves to be congratulated. We had to reinvent our everyday life and learn to do just about everything differently. Info-Cult has not escaped the immense challenges imposed by the health situation, but thanks to the support of our members and our donors, and inspired by the gratitude that we have witnessed for more than 40 years, we have been present more than ever and we will continue to be so, thanks to your contributions ([Please donate](#)). Even our support groups were able to hold their meetings safely online. Our mission is to provide information about cultic phenomena, to educate, to

do prevention work and to help those who are affected by the experience of high-demand groups.

While so much has changed, our services are just as accessible as they were before the pandemic, and being isolated makes them even more essential. The Info-Cult team would like to pay tribute to your courage, your creativity, your generosity and your resilience. This is also an opportunity for us to send you our best wishes for the New Year.

Carolle Tremblay
President, Info-Cult
